

DWA_04.3 Knowledge Check_DWA4

1. Select three rules from the Airbnb Style Guide that you find **useful** and explain why.

> Indentation: Use two spaces for indentation. Avoid tabs or other indentation styles to maintain consistency across the codebase.

> Variable declaration prefer const for declaring variables, use let only when reassigning is required

> Spacing: Use spaces around operators and after commas in arrays and object literals to enhance code readability

2. Select three rules from the Airbnb Style Guide that you find **confusing** and explain why.

> Semicolons: Do not use semicolons at the end of statements

> Arrow Functions: Use arrow functions, not knowing which arrow to use for that particular line

> Array and Object Destructuring, not knowing how to call an object.
